

Callum Welch – 2D Animator

callumwelch@outlook.com

Mobile: 07804577602

Based in Ipswich, Suffolk (UK)

Qualifications

- First Class BA (Honours) Animation (Middlesex University)
- Nine GCSEs and three A Levels (Farlingaye High School)

Technical skills

I have recently been practicing animation and rigging in Toon Boom Harmony, and greatly enjoy doing both. I teach TVPaint to first year and second year students at Cambridge School of Arts. I am proficient with Adobe After Effects, Animate, Illustrator, Photoshop and Procreate and use these almost daily. I have completed a CelAction training course at Gaston's Cave Ltd, and the School of Motion Animation training course. I am technically-minded and can quickly learn the functions of new software.

I enjoy creating 2D character animation, and have worked on many short films, music videos, and have done motion graphics for feature films and documentaries. I have a solid understanding of strong posing and expressions, and always consider the principles of animation. I am a self-motivated, strong communicator and am comfortable working independently with minimal supervision. I am also highly organised and have good time management skills.

Previous experience:

December 2024 and February 2025
